Sollford College

Soulfood Cafeteria

Notification* of Price Increases

Prices at Soulfood have been increased, starting from today. Price increases have been

discussed many times over the last few years but, thanks to long-term contracts with our food

suppliers, the college has, until now, been able to avoid passing on price increases to our students.

Lunches at Soulfood will now be subsidized by the college, and Soulfood will start serving

lunches seven days a week. Soulfood will continue to provide our students with a lunch which we

think will be more reasonable than other options for eating out.

We are planning to introduce a loyalty card* system which will reward students for frequent use

of the cafeteria. Look out for details! We know that all our students are affected by the cost of living

crisis and we are doing our best to help them cope.

Paul:	Not yet, I don't. On Fridays, Soulfood used to give you a takeaway drink with your

	was always busiest on a Friday! I don't know what the (6)

To the Student Welfare Office,

Today, a friend asked me about the loyalty card system for frequent use of Sollford College's Soulfood cafeteria. She told me about a poster she had seen in Soulfood which gave notification of the recent price rises. Apparently, the poster stated that a new loyalty card system would be introduced, but it is now almost a month since the prices at Soulfood were increased and we have received no information about it. Many of us are having money problems these days and we want to know more about incentives to eat lunch at Soulfood.

In fact, my friend and I have an idea for a sandwich business to give students another lunch option. To demonstrate Sollford College's commitment to student welfare, is there any way that the Student Welfare Office could help us to get our business started?

Thank you for your consideration of this matter.

Paul Jenkins (fourth year, Business Economics)
